Dear Hon. Director:

We are delighted to inform you that the citizens including the Superintendents, Representatives, and Commissioners of Belle, Gola Konneh, Kulu Shaw, Jaedea, Dugbeh River, Bade, Marbo, Beawor, Zorzor, Voinjama, Seekon, Gboc-Ploe, and Gbarma Districts met in a citizens meeting for the sole purpose of discussing the possibility of granting Atlantic Resources, Forest Venture & South Eastern Timber Company, a registered company operating under the Laws of the Republic of Liberia, the right to sustainably manage and exploit the forest on their deeded land.

Hon. Director, after lengthy deliberations, it was agreed that the above companies be given the right to manage said forest in their beloved Counties. In reaching this conclusion Hon. Against this backdrop Hon. Director, we are submitting a legal documentation, including MOU's, deeds and technical locations of said forest to your good offices for the purposes of issuing our company a Private Use Permit (PUP), in consonance with the New National Forestry Law of 2006 and Community Rights Law.

Thanks in advance for your continued understanding.

MEMORANDUM

TO: Moses D. Wogbeh, Snr.
Managing Director
Forestry Development Authority

FROM: Towon Nyenity
Acting Manager, FDA GIS Labs

THROUGH: John D. Kantor, Snr.
Technical Manager, R&D/FDA

Subject: Verification of Bopolu, Kongba, Belle Yellah, Gola Konneh, Gbarma, Beawor, Voinjama, Zorzor, Seekon, Kulu-Shaw Bade and Marbo forests

DATE: October 16, 2009

Background

Predicated on a communication under the signature of Mr. August Abrihim, Planning Manager, Atlantic Resources Logging Company, requested an authentication of a tribal deeds, diagrams and locations of the above properties situated and lying in Lofa, Gbarpolu, Grand Cape Mount, Grand Gedeh, River Cess and Sinoe Counties. A team of technicians from the FDA was mandated to visit said properties for detail ground truthing, capturing of deed land marks and sightseeing of the area for management’s reaction.

In light of the above, thematic maps were prepared for various localities using GIS desk studies and validation concluded by sending two surveyors and two Global Positioning System (GPS) operators, traveled to the land under consideration to conduct a joint ground truthing exercise of the area along with the tribal people and company representative.
Field Patrol

During the period 2010-2011, the joint team patrolled a significant portion of the area and gathered detailed information relating to ongoing multiple uses of the area, types of vegetation, topology, and livelihood of communities dwellers within the parameters of the forest.

Findings

Following an intensive tour by the team they observed and authenticated that:

- New maps and technical descriptions were prepared for Bopolu, Kongba, Gola Konneh, Gbarma, Belle, Voinjama, Beawor, Zorzor, and Seekon Districts that excluded the Gola National Forest, Alpha Logging and other concessions.
- Indeed the Bopolu, Kongba, Gola Konneh, Gbarma, Belle, Voinjama, Zorzor deeded lands fall directly into proposed Forest-Management Contract areas "D and M".
- Beawor, Kulu Shaw Boe and Boe are un-encumbered but Bade forest is heavily occupied by miners.
- Large portion of the area under investigation consists of primary forest while at least five percent is totally degraded.
- Technically, the description in the Metes & Bounds on all the deeds are correct.

Recommendation

In view of the verification and confirmation of documents for this area by the Forestry Development Authority, we herein recommend that:

- That the deed be forwarded to the Ministry of Lands, Mines & Surveys for authentication. After authenticating the and found legitimate, the FDA should perform the below activities:

- As per National Forestry Reform Law (NFRL) of 2006 provision in chapter five section 5.6, we therefore recommend that FDA Management issue a Private Use Permits of the above districts in compliance with all relevant requirements of this section (particularly section 5.6 c (i,ii,iii) and d (i,ii,iii,iv,v,vi) respectively.

- Forestry Development Authority requests the companies representing the communities to demarcate their deeded land property boundary lines to avoid possible trespass cases.
